

Introducing the

3CX-Sangoma Bundle

Special Limited Time Offer

A must-have for the enterprise, the 3CX-Sangoma Bundle gives you everything you need to set up a powerful **IP-based Enterprise Communication System** in a Windows® Server. This new alliance enables companies to deploy phone systems in a single-box solution – that's cost-effective, easy to manage, runs on existing Windows computers – and gives organizations access to premium telephony features at a reduced cost.

“Mini” Bundle

**4-port Analog
NetBorder Express +
3CX Mini Edition license
for 4 simultaneous calls**

\$

“Enterprise” Bundle

**Single T1/E1
NetBorder Express +
3CX Enterprise Edition
for 32 simultaneous calls**

\$
