Perfectly Clear

Co-Marketing Program

PerfectlyClear is designed for Octasic and OctWare's customers to leverage our world-renowned excellence in Echo Cancellation and Voice Quality Enhancements Solutions to promote their own products. By doing so, customers will effectively differentiate themselves in the VoIP industry.

The program will provide members with tools to enhance the promotion of their communication solutions and brand, including:

- A joint press release
- Web links and company & product listing on Octasic's website
- A presentation on voice quality
- Co-marketing dollars
- Marketing collateral

By utilizing these tools, members will create strong brand recognition, offer a high quality product, and obtain qualified leads.
