

**officeBOX**

OfficeBOX is a fan less, noise less, solid state communications appliance ensuring very long operational life. OfficeBOX mounts on a desk, floor, wall or into a rack cabinet. It is fully tested and optimised for PBXware business edition capable of supporting up to 60 extensions and 30 concurrent calls using VoIP or PSTN technologies.

officeBOX  
appliance

## Performance and Reliability

OfficeBOX is optimized for PBXware business edition capable of supporting up to 60 extensions using VoIP or PSTN technologies.

## PSTN and VoIP Compatibility

OfficeBOX is compatible with various ISDN PRI, ISDN BRI and Analog PSTN and VoIP technologies.

## Silent and Fan less

OfficeBOX has no moving parts and its storage device is high performance solid state flash based disk. There are no fans creating annoying background noise hence itself is virtually silent. All of the above ensures very long operational life and will fit onto any office environment.

## Flexible Mounting

OfficeBOX's chassis has very flexible mounting options. It mounts on a desk, floor, wall or into a rack cabinet. This ensures required mounting flexibility every time and at every possible installation type.

## Expandable

OfficeBOX can be easily upgraded by using its 2 PCI slots. Adding trunks is a breeze.

## Wide Operation Temperature

OfficeBOX can be deployed at locations with temperatures 0°C to 48°C (Ambient) Operating Temperature

### Capacity

- 60 IP Extensions
- 16 Analog Extensions
- 16 Analog Lines
- 16 ISDN BRI Lines
- 16 ISDN PRI Lines
- 30 Concurrent Calls

### Compatible Trunk

#### Device(s)

- Digium:  
TDM400x, TExxx, B410P ...
- Sangoma:  
A200, A101/101D,  
A102/102d ...
- Billion  
BiPAC PCI V.3.0, USB,  
BRI ISDN ...

### Chassis

- 2x Half Length Expansion  
Slot(s)
- Steel, Aluminum,  
Polycarbonate Unit  
Construction
- Desk, Wall, Floor or Rack  
Mounting
- Fanless and Noiseless
- Optional customized logo
- Aluminum with custom heat  
pipe Cooling System

### Regulatory & Safety

- FCC, CE Regulatory &  
Safety Certification

### Physical & Environment

- 7Kg Weight
- Desk, Floor, Wall or Rack  
Cabinet Form Factor
- Black (Matt) Colour(s)

### Operating Temperature

- 0°C to 48°C (Ambient)

### Dimensions

- 387 (w) x 356 (d) x 66 (h) mm

### Certified Software

- Business PBXware Edition(s)

### Vision Statement

We Unify Communications

### Mission Statement

We provide the Communication World with the most Complete Turnkey Communication Systems available by Creating, Unifying and Supporting the Most Advanced of Current Technologies.

### Overview

Bicom Systems was the first company to deliver Open Source Communications Software as Professional Turnkey Solutions.

By combining the best of open source telephony and its own proprietary software Bicom Systems can provide enterprises with turnkey solutions that take account of the clients' exact needs within a very cost-effective framework - giving CIOs the safest choice. This mix includes royalty-free software, vibrant open source communities, available custom development backed up by accountable, professional support services.

The company finds innovative open source communication projects and professionalizes the project by creating, unifying and supporting turnkey systems with its proprietary in-house software. Bicom Systems provides the resources, core development and support services to enable popular open source projects to scale into enterprise-class communications software.
