

Valcom VIP-419-D-IC IP Wall Speaker

Product Name: Valcom VIP-419-D-IC IP Wall Speaker Manufacturer: -Model Number: VIP-419-D-IC

Availability: In stock Valcom VIP-419-D-IC IP Wall Speaker

The Valcom VIP-419-D-IC IP Wall Speaker is a flush mount wall speaker unit with a 5 character integrated digital clock. This model was meant for use with InformaCast IP Paging software systems. It is white in color and features a white metal grill over the speaker. The VIP-419-D One-Way IP Wall Speaker with Clock enables voice access to a single zone of one-way paging over an IP-based LAN/WAN. This allows a page zone extension anywhere on the network. The speaker level is electrically adjusted during set up. Clock synchronization is initiated via connection to a factory pre-programmed time server. The enclosure is made of steel with a durable white finish. The color of the enclosure can easily be changed to match any decor. Power is provided to the VIP-419-D via a Power over an Ethernet switch meeting the 802.3af specification.
