

Valcom VIP-430-IC Wall Speaker

Product Name: Valcom VIP-430-IC Wall Speaker Manufacturer: -Model Number: VIP-430-IC

Availability: In stock

Valcom VIP-430-IC Wall Speaker

The Valcom VIP-430 Wall Speaker is an angled wall assembly with 8in IP speakers capable of two-way audio. This model is meant for use with InformaCast IP Paging software systems. The VIP-430 Talkback IP Wall Speaker enables handsfree talkback access to a single location over an IP-based LAN/WAN. This allows a handsfree talkback extension anywhere on the network. The speaker levels are electrically adjusted during setup. The enclosure is made of steel with a durable gray powder coated finish. The color of the enclosure can easily be changed to match any decor. A detachable black clothe grille is included. A call switch input is provided for the remote speaker location signaling. The speaker requires an 802.3af PoE compliant network connection. Power is provided to the VIP-430 via a Power over an Ethernet switch meeting the 802.3af specification. The Valcom VIP-908 Ethernet switch is ideal for this purpose and will power up to 7 VIP- 800 series devices.
