Availability: In stock
Valcom VIP-432-DF-IC Wall Speaker
The Valcom VIP-432-DF Wall Speaker is a flat, flush mount, wall mount and faceplate unit with a Valcom 8in IP speaker capable of two-way communication. This model is meant for use with InformaCast IP Paging software systems. The VIP-432-DF IP Talkback Wall Speaker with Digital Clock enables two-way handsfree voice access to a single location over an IP-based network. This allows a page zone extension anywhere on the network. The speaker audio level is electronically adjusted via software. Clock synchronization is acquired from a Network Time Protocol (NTP) server, either a private internal server or from the Internet. A call switch input is provided for call initiation. The enclosure is made of steel with a durable gray powder coated finish. The color of the enclosure can easily be changed to match any decor. A detachable black cloth grille is included. Power is provided to the VIP-432-DF via a Power over Ethernet (PoE) switch meeting the 802.3af specification.
