PSU12-2SM

PSU12-1SM

12Vdc Switch Mode:

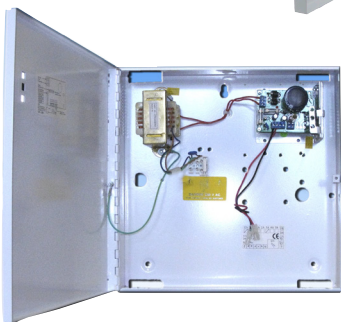

- Full current to load
- Additional battery charging current
- Short circuit protection
- Mains transient protection
- Battery current limiting circuit
- Standard case - 225 x 200 x 75mm
- Large case - 340 x 310 x 80mm
- Up to 9.0AH battery capacity

PSU12-3LSM

24Vdc Linear:

- Full current to load
- Additional battery charging current
- Short circuit protection
- Mains transient protection
- Battery current limiting circuit
- Large case - 330 x 275 x 80mm
- Up to 9.0AH battery capacity
(2 x 12Vdc batteries in series)
