

Singlewire InformaCast-enabled VoIP Indoor Flush Mount Intercom with Keypad

CyberData

The IP Endpoint Company

Now supporting Singlewire InformaCast notification messaging as well as a true SIP endpoint, the Singlewire InformaCast-enabled Flush Mount Intercom with Keypad is a two-way communication and secure access device that delivers an adaptable, cost-efficient alternative to old analog Intercoms.

This device is perfect for settings such as commercial/residential facilities, schools and universities, retail establishments, warehouse and manufacturing plants, parking garages and shipyards, and so much more.

Typical Applications

- Access control
- Door entry phone
- Emergency phone
- Mass notification

Features

- InformaCast compliant
- Drywall mounting
- PoE 802.3af enabled (Powered-over-Ethernet)
- 12-key keypad (with backlit keys)
- Programmable speed dial
- SIP compliant
- Adaptive full-duplex voice operation
- Network web management
- Network adjustable speaker volume and microphone sensitivity
- Network downloadable firmware
- Doubles as a paging speaker: multicast and InformaCast
- Dry relay contact for auxiliary control (controls external power)
- Door closure and tamper alert signal
- User downloadable alert, rings tones and call out messages.
