

Call Transfer

There are two ways to transfer a call: Blind Transfer and Attended Transfer.

Blind Transfer:

- Press Tran Button or Transfer softkey during the active conversation, the call will be on hold, there will be a dial tone. Dial the second telephone number
- Hang up to complete the transfer
- You will be disconnected from the call

Attended Transfer:

- Press Tran button or Transfer softkey during the active conversation, the call will be on hold, there will be a dial tone. Dial the second telephone number
- When the phone is answered, you can have a private conversation without the first person hearing it, then hang up to complete the transfer
- You will be disconnected from the call

Call Forward

- Press the following softkeys: Menu->Features->Enter->Forward->Enter
- There are 5 options: Always Forward, Busy Forward, No Answer Forward, Busy/No Answer Forward, Cancel Forward
- If you choose one of them(except Cancel Forward), you need to enter the number you want to forward your calls to. Press Save to save the changes

Conference Call

- Press the Conf softkey during an active call
- The first call is placed on hold. You will hear a dial tone. Dial the number to conference in, then press the Send softkey
- When the call is answered, the conference call will now include you and the other two parties
- Hang up to disconnect all parties

You can use the Menu on the phone to adjust and customize the phone settings.
