

Snom C300 Mobile Conference Speaker

Product Name: Snom C300 Mobile Conference Speaker

Manufacturer: Snom

Model Number: C300

Snom C300 Mobile Conference Speaker

The small, lightweight Snom C300 convinces thanks to the powerful 3 Watt speaker and the 6 microphones, which produce a crystal clear sound in full duplex handsfree mode via beamforming microphone array. The integrated USB rechargeable long-life battery allows up to 24 hours of talk time or 5 days of stand-by operation and even mobile charging of a smartphone.

Snom C300 Key Features:

- Beamforming microphone array
- Full duplex hands-free mode
- Connection through Bluetooth or USB
- 5 days stand-by operation

The Snom C300 can be connected to a variety of devices via Bluetooth as well as USB cable. In addition, a headset can be connected. The operation and configuration is done either via 7 function keys (3 audio keys as well as 4 touch function keys) or the own smartphone app. The operations are confirmed via multi-coloured LED status displays and by announcement.
