

## Fanvil HT302-U Dual Wideband USB Headset

Product Name: Fanvil HT302-U Dual Wideband USB Headset

Manufacturer: Fanvil

Model Number: HT302-U

### Fanvil HT302-U Dual Wideband USB Headset

The Fanvil HT302-U is a USB wired headset which is specially designed for office and call center communication. With dual microphones, the HT302-U supports ENC noise reduction technology, offering an immersive HD audio experience. Streamlined ergonomic design, soft leather ear cushions and ultra-lightweight provide all-day comfort for you to wear.

Fanvil HT302-U Dual Key Features:

- Adjustable headphone

- USB-A interface

- HD Wideband audio

- ENC Environmental Noise Cancellation Technology

- Dual color LED indicator

- Built-in controller: Answer/Hang up Button, Mute Button, Volume +/- Button

You can choose the HT301-U mono headset or the HT302-U dual headset according to your preference, both of which support connecting to Fanvil IP phones with USB interfaces, third-party mainstream IP phones with USB interfaces, and PC devices. Also available with RJ9 interface.

- **Dual Mic Noise Reduction:** Support ENC Environment Noise Cancellation Technology to reduce the background noise in the environment, bringing a crystal-clear communication experience to the listener

- **HD Audio:** Support wideband HD audio, which is designed for the calling and music. Support Anti Electromagnetic Frequency Interference and dynamic EQ function providing more vivid and rich audio quality

- **All-day Comfort:** Ergonomic design with soft leather ear cushions and ultra-lightweight. 260° bendable boom arm allows users to wear according to their preference

- **Strong Compatibility:** Compatible with Fanvil IP phones with USB interface, as well as the third-party mainstream IP phones and PC devices with USB interface.
