Fanvil HT301-U Monaural Wideband USB Headset

Fanvil HT301-U is a USB wired headset which is specially designed for office and call center communication. With dual microphones, HT302-U supports ENC noise reduction technology, offering an immersive HD audio experience. Streamlined ergonomic design, soft leather ear cushions and ultra-lightweight provide all-day comfort for you to wear.

Fanvil HT301-U Mono Key Features:

- Adjustable headphone
- USB-A interface
- HD Wideband audio
- ENC Environmental Noise Cancellation Technology
- Dual color LED indicator
- Built-in controller: Answer/Hang up Button, Mute Button, Volume +/- Button

You can choose the HT301-U mono headset or the HT302-U dual headset according to your preference, both of which support connecting to Fanvil IP phones with USB interfaces and third-party mainstream IP phones with USB interfaces. Also available with RJ9 interface.

• Dual Mic Noise Reduction: Support ENC Environment Noise Cancellation Technology to reduce the background noise in the environment, bringing a crystal-clear communication experience to the listener

• HD Audio: Support wideband HD audio, which is designed for the calling and music. Support Anti Electromagnetic Frequency Interference and dynamic EQ function providing more vivid and rich audio quality

• All-day Comfort: Ergonomic design with soft leather ear cushions and ultra-lightweight. 260° bendable boom arm allows users to wear according to their preference

• Strong Compatibility: Compatible with Fanvil IP phones with USB interface, as well as the third-party mainstream IP phones and PC devices with USB interface.
