

Snom M58 Wireless DECT Desk Phone

Product Name: Snom M58 Wireless DECT Desk Phone

Manufacturer: Snom

Model Number: M58

Snom M58 Wireless DECT Desk Phone

The Snom M58 offers an ideal solution for both permanent and mobile office setups, eliminating the need for Ethernet cables and ensuring a clutter-free workplace. Featuring a spacious 5" color display, a modern design, and an antibacterial housing, users benefit from a fully-equipped wireless desk phone. Streamlining the configuration process, all settings can be conveniently managed centrally through zero-touch provisioning, while over-the-air software updates ensure seamless maintenance.

Snom M58 Wireless DECT Desk Phone:

- No need for additional cabling
- large 5" color display
- DECT, Bluetooth integrated
- 8 programmable LED function keys

The M58 boasts 8 out of 24 programmable LED buttons, supporting Snom's own system function emulation (Shared Call Emulation) alongside standard functions. Additionally, the M58 allows for efficient handling of up to 16 calls across the entire system, without requiring any programming expertise, when used with the M500 base station. Furthermore, Bluetooth headphone compatibility adds to its versatile functionality.
