

Snom D785N VoIP Phone

Product Name: Snom D785N VoIP Phone

Manufacturer: Snom

Model Number: D785N

Snom D785N VoIP Phone

The Snom D785 stands as the pinnacle of Snom's latest and most technically advanced phone series, offering a sleek design in black and white options. Highlighting a large high-resolution color display and a convenient second display for dynamic configuration of 24 function keys (6 physical), this telephone provides comprehensive functionality for daily work needs. Featuring an integrated digital signal processor (DSP), the Snom D785/D785N ensures HD audio quality, consistent across all Snom phones.

Snom D785N VoIP Phone Key Features:

- High-resolution 4.3 Zoll TFT colour display

- Colour: Black

- 24 freely programmable function keys / BLF keys (6 physical) in the second display

- USB headset compatible

The Snom D785/D785N offers a unique and appealing feature: complete user interface customization. Users can personalize backgrounds, icons, colors, menus, and function keys with speed dials or BLF, optimizing efficiency and tailoring the phone to their specific preferences. This level of personalization makes the Snom D785/D785N an ideal communication tool for professionals across various industries.
