Yealink BT50 Bluetooth USB Dongle

The Yealink BT50 is a hassle-free USB Bluetooth adapter designed to effortlessly link your Yealink CP900/CP700 to your PC, ensuring a swift and dependable Bluetooth link. With BT50, you can count on an impressive coverage range of up to 100 feet (30 meters), granting you the freedom to roam while on calls without being tethered to your laptop. Furthermore, BT50 enhances your audio experience by incorporating advanced sound quality features, ensuring that you enjoy clear and natural sound, even when you're not seated at your desk. Additionally, you can relish your music in outstanding HiFi quality via A2DP streaming.

Yealink BT50 Key Features:

- Compatible with CP900/CP700
- Reliable connection
- Up to 100ft/30m wireless range
- Plug and play
