Yealink BT51-C Bluetooth USB Dongle

Product Name: Yealink BT51-C Bluetooth USB Dongle
Manufacturer: Yealink
Model Number: BT51-C

Yealink BT51-C Bluetooth USB Dongle
The Yealink BT51-C Bluetooth USB-C Dongle enables seamless connectivity between a compatible Yealink phone and a PC via Bluetooth, transforming the phone into a USB peripheral device for UC platform calls, including Teams, Zoom, and RingCentral. With this setup, you can initiate calls, synchronize calling status, control calls, and access other UC call functions directly through the phone.
Yealink BT51-C Key Features:

ï¿½ Reliable connection
ï¿½ Up to 30m wireless range
ï¿½ Easy to use
ï¿½ Plug and play

The BT51-C establishes a swift and dependable Bluetooth link between your Yealink BH72/BH76 and your PC. With an impressive range of up to 100ft/30m, you can comfortably step away from your laptop during calls. Experience pristine audio quality even when you're not at your desk, while enjoying superb HiFi music streaming through A2DP.
