Yealink WHD622 Dect headset with charging cable

The Yealink WHD622, equipped with a charging cable, is a stereo DECT headset designed to work seamlessly with the W70B/W80 Multi-Cell System/W90 Multi-Cell System DECT base, offering remarkable flexibility. This headset can operate independently by directly connecting to the DECT base or share a SIP account with a DECT handset for call management and dialing. Thanks to DECT technology, it ensures a stable connection with an impressive outside range of up to 300 meters (depending on conditions), allowing you to move freely without range concerns. Yealink WHD622 Key Features:

- 1/2 Duo DECT headset with charging cable

- 1/2 Yealink Acoustic Shield technology

- 1/2 Talk time up to 10 hours

- 1/2 Indoor wireless range of up to 50m

Beyond fundamental call functions like answering, rejecting, holding, and muting, the headset features a push-to-talk functionality for instant messaging or full-duplex meetings to keep your team closely connected. It also boasts a programmable button for convenient redial or speed dialing, an intercom function for internal calls without network dependence, and exceptional all-day wearing comfort. Plus, with Yealink Acoustic Shield Technology, the dual microphones in the WHD622 automatically eliminate background noise, ensuring crystal-clear communication and significantly enhancing efficiency.
