Yealink WH62 Microsoft Teams Mono DECT Wireless Headset

The Yealink WH62 Mono headset takes communication quality to the next level with crystal clear sound through wideband technology and acoustic noise cancellation, ensuring users can speak clearly during phone calls or video conferences. Featuring a dual-microphone setup for optimal voice quality and Yealink Acoustic-Shield technology to minimize background noise, it delivers an exceptional audio experience. This comprehensive range of features, from compatibility and mobility to integrated busylights and top-notch sound quality, makes Yealink's personal collaboration devices the ideal choice for those seeking an efficient and effective communication solution in a variety of settings.

Yealink WH62 Mono Key Features:

- Cordless DECT headset with DECT dongle
- Range up to 120 m
- Talk time up to 10 hr
- USB charging cable

The WH62 mono headset ensures guaranteed compatibility, allowing users to enjoy a seamless calling experience across various UC platforms. This commitment to compatibility translates into enhanced communication quality, heightened productivity, and reduced IT expenses. Additionally, Yealink's DECT dongle WDD60 offers remarkable mobility without the need for a DECT base station, providing a practical and reliable wireless DECT headset. With an effortless 'Plug-and-Play' installation and a significantly extended range compared to Bluetooth headsets (3-5 times farther), it empowers users with unmatched independence and flexibility for office, home, or on-the-go use. Furthermore, the WH62 headset boasts an integrated busylight feature, indicating when a user is on a call and should not be disturbed, facilitating efficient and uninterrupted cooperation.
