

Yealink Collaboration Touch Panel CTP18

Product Name: Yealink Collaboration Touch Panel CTP18

Manufacturer: Yealink

Model Number: CTP18-STD

Yealink Collaboration Touch Panel CTP18

The Yealink Collaboration Touch Panel CTP18 enables easy projection screen capture and annotation. When paired with the Yealink Wireless Presentation Pod WPP20, you can gain reverse control over your computer, fostering multi-screen interaction for increased productivity. Moreover, a single video conferencing device can connect to up to 4 CTP18 units, allowing simultaneous annotation to enhance efficiency. Meeting control becomes effortlessly intuitive, with one-touch meeting initiation and comprehensive control options accessible via the CTP18's touch or swipe interface, covering tasks like camera adjustment, participant layout modifications, and recording.

Yealink Collaboration Touch Panel CTP18 Key Features:

- Streamlined Collaboration
- Multi-Screen Interaction
- Simultaneous Annotation
- Simplified Meeting Control

Additionally, the CTP18 supports Power over Ethernet (PoE), streamlining setup by eliminating the need for complex wiring connections, whether through cable or Wi-Fi, and sparing you from the hassle of conference room remodeling. This innovative technology simplifies your meeting space deployment, ensuring a clutter-free environment conducive to productive discussions and collaborations.

Yealink Collaboration Touch Panel CTP18 Technical Specifications

Connection

- Connect to VCS endpoint via cable
- Pair with the VCS endpoint in the same LAN (supported by later versions)
- Connect to VCS endpoint via Wi-Fi

System Compatibility

- MeetingEye 400/MeetingEye 600
- 44 or later versions
- Up to 4 CTP18 units can be used in one system
- VC880/VC800/VC500
- Supported by later versions
- Up to 4 CTP18 units can be used in one system
- VC200/VC210
- Supported by later versions
- Up to 1 CTP18 unit can be used in one system

Wireless Network

- Wi-Fi
- 2.4G/5G Wi-Fi
- IEEE 802.11n/ac
- Support connecting to the Wi-Fi generated by Yealink VCS endpoints only

Display

- Screen

Yealink Collaboration Touch Panel CTP18

- 8-inch IPS FHD capacitive touch screen
- Resolution 1280*800 (16:10)
- Touch 10 points multi-touch

Interface

- USB
- 1 x USB-C for device debugging
- RJ45
- 1 x RJ45 Ethernet for power and data connection
- Reset slot
- 1 x Reset slot

Accessories

- Wall Mount Bracket
- 1 x wall mount bracket
- Security lock slot
- 1 x security lock slot for anti-theft

Other Physical Features

- Power supply
- Power over Ethernet (IEEE 802.3af)
- Power input
- PoE 48V 0.27A
- Power consumption
- 7W at most
- Stand
- Adjustable angle (28°~50°)
- Dimension (W*D*H)
- 202mm x 151mm x 100mm

Price: £314.60
