Yealink MVC S90-C5-007 Gen 3 Native Microsoft Teams Rooms System for ProAV rooms
The Yealink MVC S90-C5-007 is built for extra-large conference rooms and offers a comprehensive package featuring advanced components like the high-performance MINI-PC MCore Pro, intuitive touch panel MTouch Plus, intelligent 4K PTZ camera UVC86, and versatile AVHub for seamless audio and video processing. AVHub empowers users to fine-tune screen layouts and leverage Yealink's exclusive multi-camera solution, supporting up to 9 cameras simultaneously and offering multi-speaker tracking with voice activation.
Yealink MVC S90-C5-007 Key Features:

ï¿½ Comprehensive Package of Advanced Components
ï¿½ Multi-camera Solution with AVHub
ï¿½ Flexible Integration and Networking
ï¿½ Purpose-built for Extra-large Conference Rooms

The MVC S90 set includes two UVC86 cameras with 12x optical zoom and intelligent tracking, and the MTouch Plus control panel allows for independent camera control and layout switching via Yealink RoomConnect. Integration with the MVC-BYODExtender via USB cable turns a Microsoft Teams meeting room into a multi-functional space, and multiple MVC S90 series sets can be networked together to create a flexible conference room system that can adapt to changing needs.
