

## Snom D150 Desk phone

Product Name: Snom D150 Desk phone

Manufacturer: Snom

Model Number: D150

### Snom D150 Desk Phone

Completed with a sleek slate grey finish and a clean design, the Snom D150 seamlessly integrates into any professional setting where effective phone communication is essential. It brings together cutting-edge technology and top-notch voice clarity at an unmatched value. The D150 is right at home in environments that demand efficiency and cost-effectiveness.

### Snom D150 Key Features

- Colour: slate gray

- 2 SIP identities

- Gigabit Ethernet

- Low power consumption

- 2.8" TFT LCD - grayscale display

- 360°; notification display

Additionally, the D150 comes with a gigabit switch featuring PoE support and an RJ9 headset port. Its prominently visible LED display, backlit for easy viewing, simplifies the tracking of call information and functions.

### Snom D150 Technical Specifications

#### Basics

#### • Product information

- IP desk phone

- PN 00004651

- Colour: slate gray

- Operating system: Linux

- Placement: indoor, desktop, wall mounting

#### Dimensions and weight

- Dimensions (L × W × H, approx.) without footstand

- 205 mm × 185 mm × 40 mm

- Dimensions (H x W x D, approx.) with footstand

- 205 mm × 185 mm × 220 mm (high angle 46°;)

- 205 mm × 185 mm × 200 mm (low angle 28°;)

- Weight (approx.):

- 710 g without footstand

- 830 g with footstand

## Snom D150 Desk phone

### Display and indicators

#### ½ Display

½ TFT liquid crystal display (LCD), graphical, grayscale, backlit

½ Size (diagonal): 2.8" (67 mm)

½ Size (W × H): 59 mm × 33 mm

½ Resolution: 320 × 240 pixels

#### ½ 3 LED indicators

½ Call status indication: 1 red LED

½ Function key status indication: 2 multicolour LEDs

### Keypad and function keys

½ 36 hard keys in total

½ 12 keys (standard ITU telephone keypad)

½ 4 context-sensitive function keys

½ 5-way navigation key

½ 2 SmartLabel keys (with multicolour LED)

½ 5 dedicated audio keys

½ Mute, Speakerphone, Headset, Volume + / - (rocker)

½ Ok, Cancel, DND, Message (with red LED), Directory, Menu, Transfer, Hold

½ Keyboard lock

### Audio devices, codecs and features

½ Corded receiver:

½ Hearing aid compatible (HAC)

½ Audio codecs

½ G.711 (A-law, µ-law), G.722, G.726, G.729, GSM 6.10 (FR)

½ Dual-tone multi-frequency signaling (DTMF / RFC2833)

½ SIP-INFO, in-band, out-of-band

½ Related features

## Snom D150 Desk phone

- Built-in assignable ringtones
- Comfort Noise Generator (CNG)
- Voice Activity Detection (VAD)

### Interfaces and connections

#### • Power options

- Power over Ethernet (PoE)
- IEEE 802.3af, class 1 | IEEE 802.3az

#### • Power adapter

- 100 - 240 V AC, 50 - 60 Hz | 5 V DC (SELV), 2 A, 10 W

#### • Wired interfaces

- Power adapter:
  - 1 coaxial power connector (socket)
  - Ethernet 1 Gbit/s: 2 × RJ45-8P8C sockets
  - Corded receiver: RJ9-4P4C socket
  - Headset: 1 RJ9-4P4C socket
  - EHS adapter: 1 RJ12-6P6C (EHS) socket

#### • Sensors

- Hook switch sensor
