

Yealink MTouch Plus Touch Panel

Product Name: Yealink MTouch Plus Touch Panel

Manufacturer: Yealink

Model Number: Mtouch Plus

Yealink MTouch Plus Touch Panel

The Yealink MTouch is the specially designed third-generation touch panel from Yealink, boasting a distinctive appearance and a comprehensive set of features. Its 11.6-inch anti-fingerprint and anti-glare IPS large screen enhance the control experience during meetings, providing a more comfortable interface. MTouch Plus supports the simultaneous control of meetings by multiple touch panels*, enabling multiple participants to synchronize their control over the meeting. The panel also facilitates screen sharing through third-party* and wireless BYOD features*, allowing seamless screen sharing with just a single touch to join the meeting.

Yealink MTouch Key Features:

- 11.6-inch Anti-fingerprint & Anti-glare IPS Screen
- 1920 x 1080 Resolution
- Multiple Panels to Control*
- Third-party Screen Sharing*

Moreover, MTouch Plus offers versatile deployment options, allowing you to mount it on the wall, lay it flat, or fix it on the desktop as per your requirements using a cleverly designed expansion bracket. When paired with the RoomSensor, the touch panel can automatically detect participants entering the meeting room, triggering the entire system to wake up. This feature-rich interaction allows users to experience various meeting room functionalities effortlessly.
