

Yealink WH64 Mono UC

Product Name: Yealink WH64 Mono UC

Manufacturer: Yealink

Model Number: WH64 Mono UC

Yealink WH64 Dual UC

The Yealink WH64 Mono UC is a over-the-Head DECT Wireless Headset, designed for business communication, integrating DECT and Bluetooth modes for efficiency and flexibility. Its advanced Acoustic Shield 2.0 technology filters out background noise for clear sound transmission, and an integrated busylight signals your call status to avoid interruptions. Its high-quality materials, lightweight build and ergonomic design provides an all-day comfortable wearing experience. It connects seamlessly with IP phones for plug-and-play connection and device switching, ideal for clear conversations and smooth office experiences.

Yealink WH64 Mono UC Key Features:

- DECT and Bluetooth hybrid wireless technology
- Plug and play for mainstream IP phones
- 3-Mic Noise Cancellation/Acoustic Shield Technology 2.0
- Compatible with mainstream UC platforms
- All-day wearing comfort
- Connect to multiple devices
- Hybrid visual busylight
- Up to 32 hours of talking time (in Bluetooth mode)
- Up to 16 hours of talking time (in DECT mode)

The Yealink WH64 Mono UC is specifically crafted to be compatible with mainstream UC platforms, ensuring optimal communication efficiency. It combines DECT and Bluetooth technologies, offering versatility in wireless connectivity. With advanced 3-Mic Noise Cancellation/Acoustic Shield Technology 2.0, it delivers crystal-clear audio even in noisy environments. It supports plug-and-play functionality for most IP phones, enabling quick setup. Users can effortlessly connect to multiple devices, enhancing flexibility. Designed for prolonged use, it prioritises all-day comfort, complemented by a hybrid visual busylight for effective call management. Enjoy extended talk time of up to 32 hours in Bluetooth mode or 16 hours in DECT mode, ensuring uninterrupted communication throughout the day.
