

Fanvil A212 Wall-mounted Speaker Black (A212 Black)

Product Name: Fanvil A212 Wall-mounted Speaker Black (A212 Black)

Manufacturer: Fanvil

Model Number: A212 Black

Fanvil A212 Wall-mounted Speaker Black (A212 Black)

The Fanvil A212 Black wall-mounted speaker is a commercial-grade IP audio terminal designed for versatility. It can operate independently as an audio system or integrate seamlessly with external systems such as unified communication systems, video surveillance, Fanvil's broadcast and intercom system, access control, digital billboards, and fire alarm systems, enabling unified configuration and streamlined operation.

Fanvil A212 Black Key Features:

- Commercial-grade IP Audio Terminal
- Independent and Integrated Functionality
- Versatile Compatibility
- Unified Configuration and Operation

Fanvil A212 Black Technical Specifications

Basic Functions

- 2 SIP lines
