Fanvil PN24 2-Wire PoE Switch (PN24)

Product Name: Fanvil PN24 2-Wire PoE Switch (PN24)

Manufacturer: Fanvil

Model Number: PN24

Fanvil PN24 2-Wire PoE Switch (PN24)
The Fanvil PN24 is a 2-wire PoE switch designed to repurpose existing wiring with ease. Its plug-and-play functionality eliminates the need for complex installation, allowing it to be set up instantly. This feature not only reduces installation time but also cuts down on overall wiring expenses. The PN24 is an excellent choice for rapid and efficient deployment within existing infrastructures, offering users a more convenient and cost-effective solution.
Fanvil PN24 Key Features:

ï¿½ Reuse existing wires (PSTN & RVV cables) to save wiring costs
ï¿½ Cascade via Ethernet cables for a more stable transmission
ï¿½ Plug-and-Play. Support network and power supply for 2-wire devices, with a transmission distance of up to 300 meters
ï¿½ Built-in power supply, supports 100~240V wide voltage input
ï¿½ Built-in mode switch

The Fanvil PN24 is designed to maximize efficiency by allowing users to reuse existing wiring, such as PSTN and RVV cables, thereby reducing wiring costs. It supports cascading via Ethernet cables, ensuring more stable transmission. With its plug-and-play functionality, the PN24 provides network and power supply for 2-wire devices, with a transmission distance of up to 300 meters. Additionally, it features a built-in power supply that accommodates a wide voltage input range of 100 to 240V, along with a built-in mode switch for added versatility.

Fanvil PN24 Technical Specifications
Specifications

ï¿½ Scenario: Office, Community, Hotel, Renovation of an old building
ï¿½ Body: Galvanized steel
ï¿½ Color: Gunmetal
ï¿½ Network Interface: RJ45
ï¿½ 2-Wire Interface: 24
ï¿½ Reset: 1
ï¿½ Device Power Switch: 1
ï¿½ Status Indicator Lights:

ï¿½ Power indicator light
ï¿½ Network indicator light

ï¿½ Power: 100-240V, 54V 3A
ï¿½ Transmission Distance:

ï¿½ 300M (Supply network and power)

ï¿½ Cable: CAT 5e, 24AWG, RVV 2*0.5
ï¿½ Working Temperature: -20℃~+50℃
ï¿½ Storage Temperature: -20℃~+70℃
ï¿½ Installation: Wall-mounted/Flush-mounted
ï¿½ Weight: 13.62KG
ï¿½ Qty/CTN: 5 PCS

Fanvil PN24 2-Wire PoE Switch (PN24)

ï¿½ Product Size (LWH): 440*189.85*44mm
ï¿½ Box Size (LWH): 535*80*230mm
