

## Fanvil PN8 2-Wire PoE Switch (PN8)

Product Name: Fanvil PN8 2-Wire PoE Switch (PN8)

Manufacturer: Fanvil

Model Number: PN8

### Fanvil PN8 2-Wire PoE Switch (PN8)

The Fanvil PN8 is a 2-wire PoE switch designed to easily repurpose existing wiring. With its straightforward plug-and-play installation, there's no need for complex setup, allowing it to be ready for use almost immediately. This not only minimizes installation time but also greatly lowers overall wiring expenses. This innovative design makes the PN8 an excellent option for rapid and efficient deployment within existing infrastructures, offering users a more convenient and economical solution.

#### Fanvil PN8 Key Features:

- ½ Reuse existing wires (PSTN & RVV cables) to save wiring costs
- ½ Cascade via Ethernet cables for a more stable transmission
- ½ Built-in power supply, supports 100~240V wide voltage input
- ½ Plug-and-Play. Support network and power supply for 2-wire devices, with a transmission distance of up to 300 meters
- ½ Built-in mode switch

The Fanvil PN8 is designed to optimize wiring efficiency by allowing the reuse of existing PSTN and RVV cables, which helps to reduce overall wiring costs. It supports cascading via Ethernet cables, ensuring stable transmission. With a built-in power supply that accommodates a wide voltage input range of 100 to 240V, the PN8 offers a plug-and-play experience that simplifies setup. It supports network and power supply for 2-wire devices, with a transmission distance of up to 300 meters, and includes a built-in mode switch for added flexibility in its deployment.

#### Fanvil PN8 Technical Specifications Specifications

½ Scenario: Office, Community, Hotel, Renovation of an old building

½ Body: Galvanized steel

½ Color: Gunmetal

½ Network Interface: RJ45

½ 2-Wire Interface: 8

½ Reset: 1

½ Device Power Switch: 1

½ Status Indicator Lights:

½ Power indicator light

½ Network indicator light

½ Power: 100-240V, 54V 1.5A

½ Transmission Distance:

½ 300M (Supply network and power)

½ Cable: CAT 5e, 24AWG, RVV 2\*0.5

½ Working Temperature: -20°~+50°

½ Storage Temperature: -20°~+70°

½ Installation: Wall-mounted/Flush-mounted

½ Weight: 11.33KG

## Fanvil PN8 2-Wire PoE Switch (PN8)

Qty/CTN: 10 PCS  
Product Size (LWH): 195\*130\*40mm  
Box Size (LWH): 310×66×156mm
