

Fanvil V61G Prime Business Phone (V61G)

Product Name: Fanvil V61G Prime Business Phone (V61G)

Manufacturer: Fanvil

Model Number: V61G

Fanvil V61G Prime Business Phone (V61G)

The Fanvil V61G is a sleek and user-friendly business IP phone, equipped with a 2.4-inch (320x240) high-definition color screen. It supports 4 SIP lines and enables 6-way audio conferencing. With features like HD audio and dual Gigabit ports, the V61G is ideal for a range of business applications, delivering an exceptional interactive experience and smooth, reliable communication services.

Fanvil V61G Key Features:

- 2.4-inch color screen
- Support 6-way Audio conference
- Dual Gigabit ports, integrated PoE
- Support audio codec G.722 and Opus, HD audio on speakerphone and handset
- Available to link with security products, can be easily customized into various security solutions for reducing investment
- Up to 12 DSS keys, every DSS key can be set as Line/BLF/ Speed Dial Key

The Fanvil V61G is a versatile business IP phone featuring a 2.4-inch color screen that provides clear and vibrant visuals. It supports 6-way audio conferencing, making it perfect for collaborative discussions. Equipped with dual Gigabit ports and integrated PoE, the V61G ensures high-speed connectivity and seamless power management. With support for advanced audio codecs like G.722 and Opus, it delivers HD audio quality on both the speakerphone and handset. Additionally, the V61G can be linked with security products, allowing it to be customized into comprehensive security solutions, reducing investment costs. It also supports up to 12 DSS keys, each configurable as a Line, BLF, or Speed Dial key, offering flexibility for efficient communication management.
