Yealink MP56 E2 Teams (MP56 E2 Teams)

Product Name: Yealink MP56 E2 Teams (MP56 E2 Teams)
Manufacturer: Yealink
Model Number: MP56 E2 Teams

Yealink MP56 E2 Teams (MP56 E2 Teams)
The Yealink MP56 E2 Teams phone offers a seamless communication experience with its Android 13 operating system and a 7-inch touchscreen. Featuring HD audio for crystal-clear calls, it also includes a dedicated Teams button for quick access to Microsoft Teams functionalities. With built-in Bluetooth and WiFi, the MP56 E2 ensures versatile connectivity, making it an ideal solution for efficient and flexible teamwork.
Yealink MP56 E2 Teams Key Features:

ï¿½ Android 13
ï¿½ 7" Touch Screen
ï¿½ HD Audio
ï¿½ Teams Button
ï¿½ Built-in BT and WiFi

Future-Proof, Fast and Safe Call
With a significant performance boost, Android 13 offers extended software updates and ensures a smooth, consistent experience throughout the product's lifecycle. Leveraging Android 13, first adopted by Yealink, the system's verification, encryption, and access management provide robust security across the device, application, runtime, network, and data layers. The MP56 E2 ensures that every call is both fast and secure.
MDEP Coming Soon, Stay Ahead in Security and Management
Easy Deployment: Streamline device deployment, cutting down on cost and complexity.
Enhanced Management: Enable IT professionals to quickly identify issues and resolve them automatically, without manual intervention. Integrated Security Mechanisms: Authorized access, hardware-backed device attestation, and secure monitoring services work together to effectively combat malicious attacks and prevent data leaks.
To Hear, To Voice Communicate to Create
With Yealink Optimal HD audio, Acoustic Shield, and Smart Noise Filtering, enjoy high-quality communication without the disruption of background noise. Benefit from improved audio clarity through loudness enhancement, hands-free speakerphone with AEC, and full-duplex technology, ensuring seamless communication of every idea. Featuring an HAC handset, the MP56 E2 ensures an inclusive audio experience for all. Hear, connect, and create.
Press or Touch, A Real Phone
Touchable hard keys make dialing simple and precise. With the dial pad phone in hand, just click, pick up, and call. Boost your productivity with the MP56 E2’s 7-inch capacitive touchscreen, designed with an advanced anti-fingerprint feature.
Seamless Microsoft Teams Collaboration, Devices and People
With the Microsoft Teams button, instantly switch to the MP56 E2’s Teams-optimized interface with just one touch, accessing native Teams calling features tailored for front desks and office workers. Offering enhanced connectivity through built-in Bluetooth and Wi-Fi, the MP56 E2 seamlessly adapts to your hybrid work style, ensuring efficient communication by integrating smoothly with other devices.
