

Snom MC10 Multicharger (MC10)

Product Name: Snom MC10 Multicharger (MC10)

Manufacturer: Snom

Model Number: MC10

Snom MC10 Multicharger (MC10)

Snom Multicharger - efficient and space-saving

Optimize your workflow with the powerful MC10 multicharger from Snom - the perfect solution for offices and facilities where many DECT handsets are in constant use. The Snom MC10 allows you to charge up to six handsets and their batteries quickly and reliably at the same time. Thanks to the innovative snap-in inserts, the device is extremely flexible: different (Snom) handsets can also be charged simultaneously without any problems! All you have to do is select the right insert. Snom offers the appropriate inserts for almost every handset in its portfolio.

Space-saving design with clever features

The well thought-out 3 x 2 arrangement of the charging slots and the optional wall mounting option make the MC10 particularly space-saving.

Always ready for use - even at high capacity

Another highlight: The different snap-in slots offer additional chargers for the respective spare batteries. This means a fully charged battery is available at all times, making the multi-charger the ideal solution for facilities with shift work. Even in continuous operation, the replaceable batteries ensure that the devices are always ready for use. The MC10 multicharger is not just a practical charging unit - it helps you to make everyday life more efficient. Thanks to the quick and effortless battery change, work processes remain uninterrupted. Ideal for offices, call centers, hospitals and all facilities where smooth operation is essential.

Snom MC10 Key Features

Fast charging of up to 6 handsets and 6 batteries simultaneously

Compatible with: M10 SC, M30, M55, M56, M70, M80, M85, M90

Optional wall mount

Charge up to 6 DECT devices and 6 batteries at the same time!

The Snom MC10 allows you to charge up to six handsets and matching batteries quickly and reliably at the same time.

Maximum flexibility

Thanks to the variable snap-in inserts, different (Snom) handsets can also be charged simultaneously without any problems. Compatible with all Snom DECT cordless handsets: M10 SC, M30, M55, M56, M70, M80, M85, M90

Snom MC10 Multicharger (MC10)

Maximum efficiency

Simultaneous charging of up to six handsets and their batteries,

Snom MC10 Technical Specifications:
Product information

• Multi-charger base MC10|black|PN 00004676
• Equipment

• 12 built-in charging slots for 6 cordless phones and 6 correspondent Lithium backup batteries
• Antiskid rubber feet

• Placement: indoor, wall mounting
Dimensions and weight

• Dimensions (L × W × H, approx.)

• 65 mm × 276 mm × 200 mm (without snap-in(s))
• 96 mm × 276 mm × 200 mm (with snap-in(s))

• Weight (approx.)

• Multi-charger base MC10: 643 g
• Snap-in tray set (6 pieces): 52 g
• Power adapter: 240 g

Indicators

• 12 LED indicators

• DECT handset|Charging indication|Power status indication: 6 green LEDs
• Battery|Charging indication: 6 green LEDs

Power options

• Power options

• Power adapter: Input voltage: 100 - 240 V | Output voltage: 12 V ± 5 % | Output current: 3 A | Output power: 36.0 W

Snom MC10 Multicharger (MC10)

Package contents

1 x Multi-charger base MC10
1 x Power adapter
1 x Power adapter clips: EU, UK, USA

Networking technologies and protocols

1 x Snap-in tray set (6 pieces)

1 x MC M80, M90 (PN 00004670) compatible with DECT handset M80 (PN 00004424) or M90 (PN 00004425) and battery M80/M90
1 x MC M30, M70 (PN 00004671) compatible with DECT handset M30 (PN 00004607) or M70 (PN 00004423) and battery M30/M70

1 x Snap-in tray set (6 pieces)

1 x MC M85 (PN 00004672) compatible with DECT handset M85 (PN 00004189) and battery M85
1 x MC M55 (PN 00004673) compatible with DECT handset M55 EU: PN 00004629, UK: PN 00004630, Americas: PN 00004526 and battery M55
1 x MC M56 (PN 00004674) compatible with DECT handset M56 EU: PN 00004656, UK: PN 00004653, Americas: PN 00004654 and/ or battery M56
1 x MC M10 (PN 00004675) compatible with DECT handset M10 SC (PN 00004452)

1 x Wall mount kit: coming soon
