Yealink MeetingBar A50

All-in-One Video Collaboration Bar for Medium to Large Rooms

The Yealink MeetingBar A50, is an all-in-one video collaboration bar for premium medium-to-large rooms. This product delivers cutting-edge audio and video communication capabilities, powered by advanced AI technology, ensuring crystal-clear sound and ultra-HD visuals. With intelligent full-duplex, IntelliFocus, and video fence, it redefines the video conferencing experience, bringing unparalleled clarity and efficiency to every meeting. Yealink MeetingBar A50 is compatible with Microsoft's MDEP*, which enhances security and deployment experiences. This integration provides users with a more secure environment and streamlined deployment processes, contributing to a smoother and safer user experience. Moreover, Yealink MeetingBar A50 features a direct connection to CTP25, enabling a simplified login process. This streamlined login experience saves time and improves convenience for users. In addition, MeetingBar A50 seamlessly supports Microsoft Teams Rooms (MTR), delivering a consistent and efficient experience whether you're using the Android or Windows version. In MTR-W, it namely MVC S50.

Yealink A50 Key Features

- All-in-One Design
- Triple-eye Camera System (3*50MP)
- High-quality audio pickup experience
- Compatible with Microsoft's MDEP
- Multi-Platform Flexibility
- Simple deployment
- Remote device management

Ultra HD picture quality and artificial AI features

The MeetingBar A50 has a built-in triple-camera system, each with 50MP resolution—one for wide-angle and two for telephoto, ensuring high-resolution imaging across different focal lengths. The professional-grade lens delivers low grain, natural colors, and HD image quality. It also has a built-in automatic physical privacy shutter that blocks the camera when not in use, ensuring privacy protection for users. The intelligent AI features include IntelliFocus, Multi-stream IntelliFrame with Copilot (Only for MTR-W), Video Fence, etc. It can automatically detect speakers in the meeting room, frame them, and display them on the screen through multi-stream output, providing a more intuitive and interactive remote meeting experience.

High-quality audio pickup experience

Yealink MeetingBar A50 has an 10-meter voice pickup range and built-in stereo speakers, 16x MEMS microphone array. The intelligent noise reduction technology provides a good audio experience. In addition, it can support 3 additional expansion microphones, that can cover a large conference room

Compatible with Microsoft's MDEP

Yealink MeetingBar A50 is compatible with Microsoft's MDEP, which enhances security and deployment experiences. This integration provides users with a more secure environment and streamlined deployment processes, contributing to a smoother and safer user experience

Multi-Platform Flexibility

Yealink MeetingBar A50 supports native Teams, Zoom, etc. In addition, it also supports wired General Mode. After entering BYOD mode, you can take MeetingBar A50 as the peripherals for meetings held by third-party apps

Simple deployment

Yealink MeetingBar A50 Microsoft Teams Rooms on Android (A50-010)

Yealink MeetingBar A50 features a direct connection to CTP25, enabling a simplified login process. Only need to log in once. This streamlined login experience saves time and improves convenience for users.

Remote Device Management

Yealink MeetingBar A50 is networked and reported to the device management platform, then can be remotely managed, configured, and upgraded.
