

## Yealink WH63 E2 DECT Wireless Headset (WH63 E2)

Product Name: Yealink WH63 E2 DECT Wireless Headset (WH63 E2)

Manufacturer: Yealink

Model Number: WH63 E2

### Yealink WH63 E2 DECT Wireless Headset

The Yealink WH63 E2 DECT Wireless Headset is a professional-grade wireless headset designed for hybrid work, contact centres, and office environments where exceptional call quality, wireless range, and device compatibility are essential. Featuring DECT wireless technology with a range of up to 185 metres, the WH63 E2 delivers reliable connectivity and crystal-clear communication throughout the working day.

Its ultra-lightweight 16g headset design supports four versatile wearing styles, including earhook, headband, neckband, and in-ear configurations, ensuring all-day comfort for every user. Equipped with dual noise-cancelling microphones and Acoustic Shield 3.0 technology, the WH63 E2 effectively reduces background noise to keep conversations clear and professional.

Yealink WH63 E2 Key Features:

- DECT wireless technology with up to 185m range
- Ultra-lightweight design (16g headset)
- Four wearing styles: earhook, headband, neckband, and in-ear
- Dual noise-cancelling microphones with Acoustic Shield 3.0
- Certified for Microsoft Teams (Teams version available)
- Compatible with PCs, laptops, and supported desk phones
- Up to 8 hours talk time and 77 hours standby time
- Integrated busy light to indicate call status
- HD voice and wideband audio for clear conversations
- Fast charging with approximately 2-hour recharge time
- Hands-free call control with answer/end, mute, and volume controls

The Yealink WH63 E2 is ideal for professionals who require flexible wearing options, dependable wireless performance, and outstanding audio quality. Whether used in a busy contact centre, corporate office, or hybrid working environment, the WH63 E2 provides a comfortable and productive communication experience throughout the day.
