

## Yealink WH63 E2 DECT Wireless Headset UC (WH63 E2 UC)

Product Name: Yealink WH63 E2 DECT Wireless Headset UC (WH63 E2 UC)

Manufacturer: Yealink

Model Number: WH63 E2 UC

### Yealink WH63 E2 UC DECT Wireless Headset

The Yealink WH63 E2 UC DECT Wireless Headset is a professional wireless headset designed for hybrid workers, office professionals, and contact centre environments that demand reliable wireless performance and exceptional voice quality. Featuring advanced DECT technology, four interchangeable wearing styles, and dual-microphone noise cancellation with Acoustic Shield Technology 3.0, the WH63 E2 UC provides a flexible and comfortable communication solution for modern Unified Communications platforms.

Its ultra-lightweight 16g design, long-range wireless connectivity, integrated Busylight functionality, and broad UC compatibility make it ideal for users who require mobility, clear conversations, and seamless multi-device connectivity throughout the working day.

Yealink WH63 E2 UC Key Features:

- Convertible DECT wireless headset with four wearing styles for maximum flexibility
- Dual noise-cancelling microphones with Acoustic Shield Technology 3.0
- Up to 185m / 606ft wireless DECT range for unrestricted movement
- Ultra-lightweight 16g headset design for all-day comfort
- UC-certified for seamless compatibility with leading UC platforms
- Supports connection to PCs, laptops, and IP phones
- Multi-device connectivity with easy call management
- Up to 8 hours talk time and 77 hours standby time
- Wideband HD audio for clear voice communication
- Built-in Busylight with optional external Busylight support
- Plug-and-play USB connectivity for rapid deployment
- Hearing protection with Peak Block, AU G616, and Daily Noise Exposure Protection
- Compatible with over 100 UC platforms and operating systems
- Integrated call controls for answer, end, reject, mute, and volume adjustment

The Yealink WH63 E2 UC combines outstanding comfort, wireless freedom, and professional-grade audio performance. Whether deployed in a busy office, contact centre, or hybrid work environment, it delivers dependable communications with effortless device connectivity and intuitive call management.
