

## Yealink UH48 Microsoft Teams Over-the-Head Binaural Headset (UH48 Dual Teams USB-C/A)

Product Name: Yealink UH48 Microsoft Teams Over-the-Head Binaural Headset (UH48 Dual Teams USB-C/A)

Manufacturer: Yealink

Model Number: UH48 Dual Teams USB-C/A

Yealink UH48 Dual Teams USB-C/A Headset  
Professional Microsoft Teams Headset with Hybrid ANC

The Yealink UH48 Dual Teams USB-C/A is a premium wired binaural headset designed for modern professionals working in busy office, contact centre, and hybrid environments. Certified for Microsoft Teams, the UH48 delivers exceptional call clarity through advanced Hybrid Active Noise Cancellation (ANC) and a six-microphone array with Acoustic Shield Technology, helping to eliminate background noise and keep conversations crystal clear.

Built for all-day comfort, the lightweight on-ear design features soft memory foam ear cushions and an ergonomically designed headband that provides a secure fit without excessive pressure. Dual busylights automatically signal when you're on a call, helping to reduce interruptions and improve workplace productivity.

With plug-and-play USB-C connectivity and an included USB-A adapter, the UH48 offers seamless compatibility with PCs, laptops, and supported communication platforms. Whether you're taking customer calls, attending virtual meetings, or listening to music between tasks, the UH48 provides professional-grade audio performance throughout the day.
