

## Yealink SmartVision 40 360° AI Compact Conference Camera (SmartVision 40)

Product Name: Yealink SmartVision 40 360° AI Compact Conference Camera (SmartVision 40)

Manufacturer: Yealink

Model Number: SmartVision 40

The Yealink SmartVision 40 is a compact 360-degree AI conference camera designed for huddle rooms, small meeting spaces, and informal collaboration areas. Its omnidirectional lens captures the entire room while AI speaker tracking automatically identifies and frames active participants, creating a more engaging meeting experience for remote attendees. Featuring an integrated microphone array with beamforming, acoustic echo cancellation, and noise suppression, the SmartVision 40 combines video conferencing and speakerphone functionality into a single device. With simple USB plug-and-play connectivity and compatibility with leading UC platforms including Microsoft Teams, Zoom, and Cisco Webex, it offers a cost-effective and easy-to-deploy solution for modern hybrid workspaces.
