

Yealink UH46 Mono USB Corded Headset UC (UH46 Mono USB-C/A)

Product Name: Yealink UH46 Mono USB Corded Headset UC (UH46 Mono USB-C/A)

Manufacturer: Yealink

Model Number: UH46 Mono USB-C/A

The Yealink UH46 Mono UC is a professional single-ear USB corded headset designed for users who require exceptional call clarity in busy working environments. Featuring an AI-enhanced noise-cancelling microphone, it effectively filters background noise to ensure conversations remain clear and intelligible, making it ideal for contact centres, open-plan offices, and hybrid workspaces. HD Voice wideband audio provides natural sound quality during extended calls, while the flexible microphone boom can be worn on either side for added comfort. With plug-and-play USB-A and USB-C connectivity, the UH46 Mono UC offers seamless compatibility with all major unified communications platforms without requiring driver installation.
