

Yealink CPW65 Wireless DECT Conference Microphone Two Pack w/ Charging Stand (CPW65-DECT-Duo)

Product Name: Yealink CPW65 Wireless DECT Conference Microphone Two Pack w/ Charging Stand (CPW65-DECT-Duo)
Manufacturer: Yealink
Model Number: CPW65-DECT-Duo

Yealink CPW65 Wireless DECT Conference Microphones

The Yealink CPW65 Wireless DECT Conference Microphones work as an audio input device for the Yealink CP965 conference phone (sold separately, see accessories tab). The black design is elegant, waterproof, and smudge-proof. The three built-in microphones support a 360-degree voice pickup range with a 10-foot (3-metre) radius, which guarantee a balanced and crystal-clear audio experience. These microphones easily expand the voice pickup range of the CP965, with a connection distance up to 20 metres. The CPW65 is easy to use with intuitive capacitive mute buttons. It is also convenient to charge by simply placing it in the charging cradle without orienting it in any particular direction. Its long battery life can offer you 11-day standby time or 12-hour talk time, saving you from frequent charging. All of these advantages make the CPW65 an ideal choice for organisations that need optimal microphone placement and wider room coverage.

Key Features

• Optimal HD voice with three (3) built-in microphones.

• Full duplex technology.

• Echo cancellation.

• 10-foot (3-metre) 360° voice pickup.
