

Yealink MTouch Plus-EXT Touch Panel (MTouch Plus-EXT)

Product Name: Yealink MTouch Plus-EXT Touch Panel (MTouch Plus-EXT)

Manufacturer: Yealink

Model Number: MTouch Plus-EXT

Yealink MTouch Plus-EXT Touch Panel

The Yealink MTouch Plus-EXT is a touch panel extension accessory for the MTouch Plus, enabling a multi-touch console solution with up to five simultaneous control points across different positions in the meeting room. Equipped with an 11.6-inch capacitive touchscreen at 1920×1080 resolution and a narrow bezel design with an 80% screen-to-body ratio, it shares the same design language as the MTouch Plus for a clean and uniform room appearance. Powered and connected via a single PoE network cable (IEEE 802.3af), deployment is simple — place it on the desktop, fix it to a surface, or wall-mount it to suit the room layout. Yealink MTouch Plus-EXT Technical Specifications:

Display

• 11.6-inch capacitive touchscreen

• Resolution: 1920 × 1080
