Yealink RoomPanel Mount Kits

The Yealink RoomPanel Mount Kits provide flexible mounting options for the Yealink RoomPanel and RoomPanel E2, allowing deployment across a variety of installation environments. Three mounting options are available to suit your specific requirements. The 0° Mounting Bracket mounts the RoomPanel vertically on the wall for a flush, clean installation. The 20° Mounting Bracket mounts the RoomPanel on the wall at a 20° angle for improved visibility and ease of use. The Mullion Mount Bracket allows the RoomPanel to be mounted vertically on a door frame.
