Product Name: 2N IP Vario 1 Button + Keypad Door Entry Panel (137111KU)
Manufacturer: -
Model Number: 9137111KU

Please Note: This product has been discontinued.

2N IP Vario 1 Button + Keypad Door Entry Panel (137111KU)
The 2N IP 9137111KU is an advance IP door phone based on SIP standard, competitively priced and easy to use. The IP combines professional design and technology features with ease of deployment and broad interoperability with 3rd party SIP products.
The 2N® IP door communicator was successfully certified in May 2010 for compatibility with the products of Cisco Systems, Inc.
It is ideal for any door entry communication environment, the virtual office and all IP communications for business or residential users.
Please Note: This unit does not come with a camera. Please see the 2N Vario with video range if you require one.
