2N IP Vario 3x2 Button + Keypad Door Entry Panel (9137161KU)

The 2N® IP Vario 9137161KU door communicator was successfully certified in May 2010 for compatibility with the products of Cisco Systems, Inc. It is ideal for any door entry communication environment, the virtual office and all IP communications for business or residential users. What is 2N IP Vario 9137161KU ? The 2N Helios IP is an advance IP door phone based on SIP standard, competitively priced and easy to use. The IP Helios combines professional design and technology features with ease of deployment and broad interoperability with 3rd party SIP products.

Please Note: This unit does not come with a camera. Please see the 2N Helios Vario with video range if you require one.
