

Beronet LineInterface bf2E1 (2 PRI Ports)

Product Name: Beronet LineInterface bf2E1 (2 PRI Ports)

Manufacturer: beroNet

Model Number: BF2E1

Beronet LineInterface bf2E1 (2 PRI Ports)

The bf2E1 is a PRI/ISDN module for the card series. The bf2E1 module can be configured individually for each port to NT (Network Termination) or TE (Terminal Equipment) mode. The default Pin-Out of this module is always TE mode with PINS 1,2,4,5. If you want to use NT-mode you may need a cross cable which is optional available (the bnE1Crosscable). Line termination (120/75 ohms) is selectable for each port by DIP switches on the Lineinterface.
