Mitel (Aastra) 6721ip (21ip) Microsoft Lync (OCS) IP Phone

The Mitel (Aastra) 6721ip VoIP Phone for Microsoft Lync (OCS) is the latest addition to Aastra's award winning line of IP phones.

Mitel (Aastra) 6721ip - Key Features

- Embedded Microsoft Lync 2010 Phone Edition Software
- Exceptional voice quality
- Standalone IP phone operation
- Dual Gigabit Ethernet ports
- Integrated PoE support
- Message Waiting Indicator

Benefits

"Always On" Operation

It is no longer necessary to have a phone connected to an operating PC to enjoy the benefits of Lync. Microsoft Lync phones are true stand alone IP phones and have the Microsoft Lync 2010 Phone Edition embedded in the phone.

Intuitive Interface

An ergonomic and user friendly hard key layout, used in conjunction with selectable soft keys, a large 2-way navigation key and a 3.5" LCD display screen, provide an efficient and intuitive interface.

UC Presence Indicator

The Aastra 6725ip includes a large presence indicator displaying, at a glance, your own presence status being shown to other Lync users.

Simplified Deployments

The Aastra 6721ip is designed to save your business time and money. Dual autosensing switched Gigabit Ethernet ports eliminate additional wiring and simplify installations.
