The sophisticated handset with best-in-class performanceA high-performance handset, the Gigaset C300H provides convenient features to match a modern lifestyle. Its large colour display is easy-to-read, and you can choose your favourite look for the display from four possible colour schemes. You can talk as long as you like – whenever you like – with the long talk time of up to 20 hours and long standby time of up to 300 hours. The high-quality materials of the ergonomic keypad make dialling quick and easy. The Gigaset C300H is also an energy-saving, environmentally friendly handset, featuring ECO DECT with no radiation1. The Gigaset C300H, a true technical performer, offers convenient and reliable solutions for your calling needs. Gigaset C300H Modern look and straightforward designFrom its contemporary look to its intuitive operability, the Gigaset C300H scores in all categories. Its ergonomic keypad made of high-quality materials makes dialling comfortable. Reading and navigating the menu are convenient, thanks to the 1.7" large colour display with big-sized font. You can choose your favourite look for the Gigaset C300H's display by choosing from four possible colour schemes.Cordless freedomThe Gigaset C300H allows you to talk as long – and as frequently – as you wish. With the long talk time of up to 20 hours, you won't worry about the handset's battery life while you chat. And with the long standby time of up to 300 hours, you can keep the handset out of the base station, ready by your side, with little recharging necessary. A high-performance handset, the Gigaset C300H offers true cordless flexibility. The brilliant sound quality of HSPTMHear the difference of High Sound PerformanceTM with every call you make on

the Gigaset C300H. HSPTM works even when you talk hands-free, so that you will hear conversations clearly while you multi-task. You can easily adjust the volume by referring to the 5-step volume control. In addition, the Gigaset C300H is an HDSPTM-ready handset2, which means you can register it to a Gigaset IP base station or gateway with DECT for internet calls with exceptional sound.Convenient technical featuresWith the Gigaset C300H, you enjoy technical features that provide everyday practicality. You' II always know who rings while you are out, thanks to the function that lists caller ID2 and time. Anonymous call silencing allows you to avoid unidentified callers. The phonebook for up to 250 names and numbers let you store your favourite contacts and reach them in a matter of seconds. With the Gigaset C300H, you can also send text messages with up to 160 characters. ECO DECT: Pure energy savings and radiation-free5ECO DECTThe energy-saving power supply of the Gigaset C300H consumes less than 0,1W3. Like all Gigaset cordless handsets, it variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset C300H's base station by 80%4 simply by selecting the ECO Mode. Furthermore, radiation-free5 ECO Mode Plus turns off the transmitting power when the handset is in standby.The Gigaset C300H – the handset that offers best-in-class cordless technology.
