Valcom VIP-A12DS IP PoE 12" Analog Clock

Product Name: Valcom VIP-A12DS IP PoE 12" Analog Clock
Manufacturer: -
Model Number: VIP-A12DS

Availability: In Stock
Valcom VIP-A12DS IP PoE 12" Analog Clock
Keeping time accurate and consistent throughout a large facility is easy with Valcom’s new IP PoE Clocks - simply add a clock to any location on the network via RJ-45 connection. Power to the clock is provided by Power-Over-Ethernet (PoE) eliminating the need to add costly power outlets. Installation is easy and inexpensive and allows quick and easy relocation of clocks throughout a facility.

ï¿½ Consistent and accurate time across an organization maintains efficiency and smooth company operation.
ï¿½ Manufacturing Facilities – Synchronized time promotes adherence to schedules keeping the entire team consistently meeting productivity goals
ï¿½ Healthcare - Daily healthcare requires synchronized time schedules which are critical for patient care and timely delivery of medications.
ï¿½ Schools & Universities - Accurate timekeeping is crucial in transitioning students from one class to the next. Since access control/security systems lock at certain times all across a campus, synchronized campus-wide timing becomes critical.

Valcom IP PoE Clock Features:

ï¿½ Set Automatically by NTP (Network Time Protocol)
ï¿½ 10/100BaseT Ethernet Compatible
ï¿½ DHCP or Static IP Addressable
ï¿½ Power over Ethernet (IEEE 802.3af)
ï¿½ No Master Clock Required

Simple User Control for:

ï¿½ IP Configuration
ï¿½ NTP Server Address
ï¿½ Time Zone Offset From UTC, Daylight Savings Time
ï¿½ Time Display, 12/24 Hour Format
ï¿½ Status Reporting
ï¿½ Easily Up-Load Firmware Upgrades
ï¿½ Industrial Grade Metal Housings
