

Spectralink Butterfly Handset

Product Name: Spectralink Butterfly Handset

Manufacturer: -

Model Number: 0236 5500

Spectralink Butterfly Handset

The Spectralink Butterfly Handset combines usability and stylish design with high-quality voice. This Butterfly Handset is designed especially for office environments that need the most important features and functionality within basic voice and messaging. The handset is available in two colours, black or white. Features

- Caller identification
- Slim line design
- Available colours - black or white
- TFT colour display
- Messaging capabilities
- 10 adjustable ringtones
- Silent and vibrate modes
- Loud speaker

Your employees will benefit from being able to move around the company freely while constantly being accessible. This will shorten response time and streamline the daily workflow as information can be delivered to the right person exactly where and when it is needed. With the smartly combined desk and belt clip, it is easy to carry your handset around while keeping your hands free from working.
