Siemens Gigaset S810h DECT Handset

The Gigaset S810H is the perfect solution if you are looking for an extra handset for your home office phone. With its many professionally suited features, this handset brings efficiency to your workday. With best-in-class hands-free technology, you can multitask and make conference calls while enjoying conversations in high sound quality. Thanks to the Bluetooth connection, you enjoy the flexibility of a wireless headset and can also synchronize the contacts saved in Outlook on your PC with the S810's ample phone book. The Gigaset S810H is also an eco friendly handset, equipped with radiation-free ECO Mode Plus. For professional convenience and the advantages of a Bluetooth connection, the Gigaset S810H is your match.
