A member of the technical team will help you resolve your issue and contact you. Please Note: Our support packages are for the engineer's time to help support and configure any issues and not for the resolution of the issue. If you run out of support time you will need to renew your package. Please Note that the 4 hour response time is only during working hours. For our engineers to be able to help resolve and configure your VoIP Systems, we may need to carry out a consultation/assessment of your network/products. This consultation time will be part of support time.
