

snom EHS Advanced Wireless Headset Adapter

Product Name: snom EHS Advanced Wireless Headset Adapter

Manufacturer: Snom

Model Number: EHS Wireless Headset Adapter

snom Wireless Headset Adapter - EHS Advanced

The snom EHS Advanced Headset Adapter or 'Electronic Hook Switch' provides the interface between a snom VoIP phone and a compatible wireless headset. It is the modern equivalent of the mechanical handset lifter used by wireless headsets.

snom EHS Advanced Wireless Headset Adapter Key Features

- Compatible with the snom 3XX, 8XX and the new 7XX series

- Complete freedom of movement

- Signalling of ringtone

- Call acceptance on headset

- Call termination on headset

- Perfect integration of firmware

- Vendor specific EHS protocols

- DHSG Standard

- No additional power supply required

- Easy to connect

The following headsets support the snom WHSA:

- Jabra / GN Netcom: Jabra PRO 9400, Jabra GO 6400, Jabra GN9330, Jabra GN9350e, Jabra GN9210 and the GN Ellipse

- Plantronics: Savi Office WO200, Savi Office WO100, CS70N, CS520, CS530, CS540, CS351N, CS361N and the Voyager 510 System

The snom VoIP phone can signal to the wireless headset when the phone is ringing so you can answer and hang up calls remotely, therefore there is no need for a clunky handset lifter.
