Please Note: All 2N products come with a 3 year warranty as standard however, this can be extended up to 5 years. Customers have the option to extend their warranty by either one or two years. To find out more, please click here or call our sales team on 0330 088 0195.

2N IP Verso Infopanel module
The 2N Verso Infopanel Module is designed for use as part of the 2N Helios IP Verso Modular Door Entry system.
Used in conjunction with the Verso, this Module features a Backlit Display Panel into which graphics such as company branding, house number, opening hours or access instructions can be displayed.
The Infopanel display area of the Module features software-controlled backlight. The Verso 9155030 Infopanel can be used either within the same frame as the main units, individually in its own frame, or with other Additonal Function Modules in a multiple-Module Frame.

Price: £91.60
