

Ubiquiti UniFi VoIP Phone (UVP)

Product Name: Ubiquiti UniFi VoIP Phone (UVP)

Manufacturer: -

Model Number: UVP

Please Note: This product is no longer available.

Please Note: As the UVPs are PoE, a switch or injector will need to be purchased to power these devices.

Ubiquiti UniFi IP Phone (UVP)

The Ubiquiti UniFi IP Phone (UVP) is an enterprise desktop smartphone solution with a brilliant, high-definition colour display. Built on Android and integrated into Ubiquiti's UniFi Enterprise System, the UniFi VoIP Phone is the next generation standard for corporate communications.

Ubiquiti UniFi VoIP Phone Key Features

- 5-Inch, High-Definition, Multi-Touch Color Display

- Powered by Android

- High-Fidelity Audio

Plug and Play Installation Use a standard Ethernet cable to connect and power the UniFi VoIP Phone with a UniFi Switch (or other 802.3af compliant switch). The UniFi VoIP Phone is designed to integrate with the UniFi Controller and UniFi Security Gateway, so the phone is automatically provisioned for fast deployment.

PBX Integration Ubiquiti's proprietary SDN software, the UniFi Controller, readily integrates with a scalable PBX system for management of features such as call logging, auto attendant, voicemail, and mass configuration.

Elegant Design The UniFi VoIP Phone features a sleek and elegant industrial design, with a 5" high-definition, multi-touch colour display.
